code

Un volume puro, assoluto e senza la minima esitazione. Code è irresistibile nella sua totale essenzialità, stupisce per l'assenza di qualsiasi particolare superfluo, affascina per la capacità di vestirsi di molteplici sensazioni cromatiche, finiture esclusive e texture che giocano con la vista e il tatto, in una raffinata esperienza sensoriale.

Con presa maniglia integrata e il caratteristico taglio a 45° su fianchi e frontali, Code si contraddistingue per la sua ampia modularità e la raffinatezza dei materiali come legno rovere, eucalipto e laccato opaco e velvet. La pulizia delle linee diventa, garantita dal taglio a 45° dei frontali, uno degli elementi più apprezzati di Code.

A pure, absolute volume without the slightest hesitation. Code is irresistible in its total essentiality, amazes for the absence of any superfluous detail, fascinates with the ability to dress with multiple color sensations, exclusive finishes and textures that play with sight and touch, in a refined sensory experience.

With integrated handle grip and the characteristic 45 ° cut on the sides and fronts, Code stands out for its wide modularity and the refinement of materials such as oak, eucalyptus and matt lacquered and velvet. Thanks to the 45° cut of the front, the clean lines become one of the most appreciated elements of Code.

Un volume pur et absolu sans la moindre hésitation. Code est irrésistible dans son essence totale, étonne par l'absence de tout détail superflu, fascine par la capacité de s'habiller avec de multiples sensations de couleurs, des finitions exclusives et des textures qui jouent avec la vue et le toucher, dans une expérience sensorielle raffinée.

Avec une poignée intégrée et la découpe caractéristique à 45 ° sur les côtés et les façades, Code se distingue par sa grande modularité et le raffinement des matériaux tels que le chêne, l'eucalyptus et le laqué mat et velvet. Grâce à la découpe à 45° de la façade, les lignes épurées deviennent l'un des éléments les plus appréciés de Code.

Ein reines, absolutes Volumen ohne das geringste Zögern. Code ist unwiderstehlich in seiner absoluten Wesentlichkeit, es verblüfft durch das Fehlen jeglicher überflüssiger Details und es fasziniert durch seine Fähigkeit, sich in vielfältige farbliche Sensationen, exklusive Oberflächen und Texturen zu kleiden, die mit dem Sehen und Berühren in einer raffinierten sensorischen Erfahrung spielen.

Mit integriertem Griff und der charakteristischen 45°-Abschrägung an Seiten und Fronten zeichnet sich Code durch seine breite Modularität und edle Materialien wie Eiche, Eucalypto und lackiert in matt und Velvet aus. Die klaren Linien werden durch den 45°-Schnitt der Fronten zu einem der am meisten geschätzten Elemente von Code.

Чистый объем, абсолютный и без малейших колебаний. Code неотразим в своей полной существенности, поражает отсутствием каких-либо лишних деталей, очаровывает способностью одеваться с множеством цветовых ощущений, эксклюзивной отделкой и текстурами, которые играют с видом и прикосновением, в изысканном чувственном опыте.

Благодаря встроенной ручке и характерному разрезу под углом 45° по бокам и фасадам, Code отличается большой модульностью и изысканностью таких материалов, как дуб, эвкалипт и матовый лак и бархат. Чистота линий, гарантированная разрезом на фасадах под 45°, становится одним из самых популярных элементов Code.

La collezione di arredo bagno Sky esprime essenzialità ed eleganza grazie ai mobili bagno moderni e di design, dalle linee rette e sofisticate. Un progetto dove razionalità ed estetica coincidono e si raffigurano in sapienti composizioni di materiali e volumi, espressione di una profonda cultura dell'arredo. Sky, da sempre caratterizzato dall'anta liscia, amplia la sua collezione ed è ora disponibile in cinque nuove varianti “special”, Sky Texture, Sky U, Sky Gola, Sky Ondina e Sky Pregiati, arredando differenti ambienti bagno con una raffinata armonia.

Punto di forza di Sky è sicuramente la vastissima gamma di finiture, che spaziano dai 51 laccati opachi, lucidi o velvet ai 6 legni tinti; dai legni antichi al rovere Spessart, dalle lavorazioni a ondina passando per i pattern stampati di Sky Texture. Tutte le finiture sono pensate per mixarsi sapientemente alle varie soluzioni maniglia, intercambiabili tra loro, per poter creare un mobile in grado di rispecchiare sempre il gusto di chi lo sceglie.

The Sky bathroom furniture collection expresses essentiality and elegance thanks to modern and design bathroom furniture, with straight and sophisticated lines. A project where rationality and aesthetics coincide and are represented in skilful compositions of materials and volumes, the expression of a profound culture of furniture. Sky, which has always been characterized by a smooth door, expands its collection and is now available in five new “special” variants, Sky Texture, Sky U, Sky Gola, Sky Ondina and Sky Pregiati, furnishing different bathroom environments with refined harmony.

The strong point of Sky is certainly the vast range of finishes, ranging from 51 matt, glossy or velvet lacquers to 6 wood finishes; from Antico woods to Spessart oak, Ondina to the printed patterns of Sky Texture. All the finishes are designed to wisely mix with the various interchangeable handle solutions, in order to create a piece of furniture that always reflects the taste of those who choose it.

La collection de meubles de salle de bain Sky exprime l'essentialité et l'élégance grâce à des meubles de salle de bain modernes et design, aux lignes droites et sophistiquées. Un projet où rationalité et esthétique coïncident et sont représentées dans des compositions savantes de matériaux et de volumes, expression d'une profonde culture du meuble. Sky, qui s'est toujours caractérisée par une porte lisse, élargit sa collection et il est désormais disponible en cinq nouvelles variantes “spéciales”, Sky Texture, Sky U, Sky Gola, Sky Ondina et Sky Pregiati, fournissant différents environnements de salle de bains avec une harmonie raffinée.

Le point fort de Sky est certainement la vaste gamme de finitions, allant de 51 laques mates, brillantes ou velvet à 6 finitions bois ; de bois Antico au chêne Spessart, d'Ondina aux motifs imprimés de Sky Texture. Toutes les finitions sont conçues pour se mélanger judicieusement aux différentes solutions de poignées interchangeables, afin de créer un meuble qui reflète toujours le goût de ceux qui le choisissent.

Die Badkollektion Sky drückt Wesentlichkeit und Eleganz durch moderne Designermöbel mit geraden, raffinierten Linien aus. Ein Projekt, bei dem Rationalität und Ästhetik zusammenfallen und sich in geschickten Material- und Volumenkompositionen ausdrücken, die Ausdruck einer tiefgreifenden Einrichtungskultur sind. Sky, das sich schon immer durch seine glatte Tür auszeichnete, erweitert seine Kollektion und ist nun in fünf neuen „Spezial“-Varianten erhältlich: Sky Texture, Sky U, Sky Gola, Sky Ondina und Sky Prestige, die unterschiedliche Badumgebungen mit einer erlesenen Harmonie einrichten.

Die Stärke von Sky ist zweifelsohne die große Auswahl an Oberflächen, die von 51 Lackfarben in matt, glänzend oder Velvet bis hin zu 6 gebeizten Hölzern reicht; von antiken Hölzern bis zur Eiche Spessart, von geriffelten Oberflächen hin zu den gedruckten Mustern von Sky Texture. Alle Ausführungen sind so konzipiert, dass sie mit den verschiedenen Griffösungen, die untereinander austauschbar sind, harmonieren. Das Ergebnis sind Möbelstücke, die stets den Geschmack jener widerspiegeln, die sie wählen.

fusion

Fusion trova nella linea curva il proprio segno caratteristico: una collezione di mobili di design che accosta i volumi morbidi delle basi alle rigide geometrie delle colonne e dei vani a giorno. Dalla collaborazione tra Arbi e lo studio Meneghello e Paoletti Associati nasce la nuova variante MOBY, caratterizzata dalla particolare maniglia. La collezione crea un inedito equilibrio nella stanza da bagno, grazie alle forme morbide e ai raffinati accostamenti. Arredi bagno pratici e funzionali che formano un’atmosfera accogliente e rasserenante, adattandosi perfettamente a ogni stile e personalità.

I mobili Fusion, indiscussi best-seller di Arbi, sono disponibili sia nella versione con maniglia che con presa J integrata nella anta. Alle 51 finiture laccate opache, lucide e velvet si aggiungono 6 legni tinti; Fusion Moby, invece, è realizzabile nei 51 laccati opachi e velvet con le maniglie bianche o nere.

Fusion finds its characteristic sign in the curved line: a collection of design furniture that combines the soft volumes of the bases with the rigid geometries of the tall units and open compartments. The new MOBY variant is born from the collaboration between Arbi and Meneghello and Paoletti Associati, characterized by the particular handle. The collection creates an unprecedented balance in the bathroom, thanks to the soft shapes and refined combinations. Practical and functional bathroom furnishings that form a welcoming and soothing atmosphere, adapting perfectly to every style and personality.

The Fusion furniture, the undisputed best-seller of Arbi, are available both in the version with handle and with integrated J-handle. To the 51 matt, glossy and velvet lacquered finishes are added 6 dyed woods; Fusion Moby, on the other hand, is available in the 51 matt and velvet lacquers with white or black handles.

Fusion trouve son signe caractéristique dans la ligne courbe : une collection de mobilier design qui combine les volumes doux des bases avec les géométries rigides des colonnes et des compartiments ouverts. La nouvelle variante MOBY est née de la collaboration entre Arbi et Meneghello et Paoletti Associati, caractérisée par la poignée particulière. La collection crée un équilibre sans précédent dans la salle de bain, grâce aux formes douces et aux combinaisons raffinées. Des meubles de salle de bain pratiques et fonctionnels qui forment une atmosphère accueillante et apaisante, s’adaptant parfaitement à chaque style et personnalité.

Les meubles Fusion, le best-seller incontesté d’Arbi, sont disponibles à la fois dans la version avec poignée et avec poignée en J intégrée. Aux 51 finitions laquées mates, brillantes et velvet s’ajoutent 6 bois; Fusion Moby, en revanche, est disponible dans les 51 laques mates et velvet avec des poignées blanches ou noires.

Die geschwungene Linie ist das Markenzeichen von Fusion: eine Designmöbel-Kollektion, die die weichen Volumen der Unterschränke mit den starren Geometrien der Hochschränke und der offenen Fächer verbindet. Aus der Zusammenarbeit zwischen Arbi und dem Studio Meneghello e Paoletti Associati geht die neue Variante MOBY hervor, die sich durch ihren besonderen Griff auszeichnet. Die Kollektion schafft dank ihrer weichen Formen und erlesenen Kombinationen ein ungewöhnliches Gleichgewicht im Badezimmer. Praktische und funktionelle Badezimmermöbel, die eine gemütliche und beruhigende Atmosphäre schaffen und sich perfekt an jeden Stil und jede Persönlichkeit anpassen.

Die Möbel Fusion, die unbestrittenen Bestseller von Arbi, sind sowohl in der Ausführung mit Griff als auch mit in die Tür integrierter J-förmiger Mulde erhältlich. Zusätzlich zu den 51 Lackfarben in matt, glänzend und Velvet gibt es 6 gebeizte Hölzer; Fusion Moby hingegen ist in 51 Lackfarben in matt und Velvet mit weißen oder schwarzen Griffen erhältlich.
